**Publishing** has licensed two charming, whimsical and witty children's books, written and illustrated by artist *Leslie Ann Clark*, one of the talents promoted by **LICENSING LIAISON**.

"Peepsqueak is a determined, persistent baby chick," explains principal Alicia Dauber whose experience in the licensing arena spans more than 20 years, "with a plethora of friends in the barnyard. In his first run on the printed page, Peepsqueak wants to fly, and his friends both help and try to hinder him. Directed toward a pre-school audience, Leslie's illustrations are especially delightful and easy to identify. All of Leslie's characters are happy and fun-loving, and this particular license will set her apart on the licensing scene! She has a knack for developing lovable characters that appeal to the masses!"

Peepsqueak's first edition is scheduled for publication in early Spring 2012. "We are especially excited for the numerous licensing opportunities this property holds for the future," beams Dauber.

**Licensing Liaison** will exhibit Clark's art as well as other contract artists during the Licensing Show in Las Vegas, held June 14-16, in Booth #5404 at the Mandalay Bay Convention Center.
